A component fund of the

Dennis A. Derwinski
*October 18, 1941 to
September 1, 1997*

BACKGROUND:

Dennis A. Derwinski was born to Anthony and Julia Derwinski in Chicago, Illinois where he lived and attended school. Upon graduation from high school, he enrolled at Marquette University, where he earned his undergraduate degree, followed by a DDS Degree in 1965. He was later certified as a Fellow of the Academy of General Dentistry.

Upon graduation, he served in the United States Air Force as a Captain for two years. He then settled into private dental practice in Wausau, Wisconsin from 1968 until his death in 1997.

Dennis was a firm believer in giving back to the community that had so richly blessed his family, and through the years, he became active serving in many professional and community organizations. He assumed professional leadership positions including serving as vice chairman (1983-87) and later chairman (1987-90) of the Wausau Hospital Dental Staff. He served on many committees in the dental community and was a member of the Knights of Columbus George Schreier Council #1069. He was the Dental Chairman of the United Way Wausau in 1983.

The education of his seven children was a priority for Dennis. He served as president of the Wausau Montessori School in 1984 and on the Board of Directors of St. Francis Cabrini School from 1978-85, where his children attended.

Dennis was also a 1st Lieutenant in the United States Power Squadron where he taught many classes and was involved in the education of students in basic boating courses.

He will be fondly remembered as one of the original members and chefs of the Festival of Arts banquet, leaving a legacy of tradition and camaraderie for artists from around the country.

Dennis' interests included sailing, skiing, hunting, and fishing; however, his greatest joy was spending time with his family.

The world held challenge and mystery for Dennis. He eagerly sought to learn its marvels with a spirit of adventure that lasted throughout his lifetime. For himself, and his children, he believed in education for the sake of knowledge.
