A component fund of the

BACKGROUND:

In 1998, the Caroline S. Mark Foundation established a college loan repayment program called TLC (Tuition Loan Cache) Scholars within the Community Foundation of North Central Wisconsin. This innovative program is designed to help needy and able Marathon County students achieve their post-secondary educational goals.

The philosophy behind the formation of TLC Scholars is simple, students are often eligible for scholarships as they leave high school, yet as they proceed with their education, these opportunities decrease and financial constraints can build. This award is not considered a scholarship and therefore should not interfere with the student's financial aid package. Through the TLC Scholars program, students will be eligible for partial loan repayments upon completion of their post-secondary degree.
