In addition to the scholarships outlined above, the WABA plans to support students that are going into the building trade. The selection committee will work closely with Residential Building Program staff at Northcentral Technical College in identifying students that merit the award. These scholarships will be awarded to students who have successfully completed the first semester of the program and are enrolled to continue in the second semester.

## **Number of Scholarships and Dollar Amount**

The number and the dollar amount of the scholarship/s awarded will be determined in accordance with the Community Foundation's spending policy. In unusual circumstances, the WABA will provide additional funds for scholarships awarded over and above that determined amount.

## **Announcement and Payment:**

The WABA will designate presenters to award the scholarships at area high school award ceremonies. The Community Foundation will contact each school to arrange for the scholarship presentation. A Community Foundation or school representative is willing to make the presentation if a WABA representative is not available.

The recipients will receive a congratulatory letter from the Community Foundation after their award ceremony instructing them on how to receive their scholarship funding. The scholarship must be requested within one year of receipt of that letter.

Scholarship funds will be paid by the Community Foundation directly to the school the student will be attending. The student must provide proof of registration to the Community Foundation office for payment to be initiated.
