

# MACDONALD FOUNDATION WORK ETHIC SCHOLARSHIP FUND

*A component fund of the*

## PURPOSE OF THE FUND:

The Macdonald Foundation Work Ethic Scholarship Fund was established within the Community Foundation of North Central Wisconsin in 2015 by Mark and Donna Macdonald, owners of the Wisconsin Woodchucks.

The Macdonalds reflect, “We found, in the raising of our four children, that young adults who work through high school and college are more serious and disciplined students. A job, combined with an education and extracurricular activities, taught our children to be organized and disciplined. They also understood the value of money and the challenge of bringing home a paycheck. The experience of working while in school has made them happier, healthier, and more successful young adults. This is why we have endowed these work ethic scholarships – to encourage students to develop work skills while in school, and to focus on the developing life skills along with a classroom education.”

Earnings from the Macdonald Foundation Work Ethic Scholarship Fund will be distributed annually in the form of a scholarship for students from Marathon County and the Merrill area (Wisconsin). The scholarship is specifically designed to recognize students who have demonstrated a strong work ethic and who plan to attend any four-year college within the University of Wisconsin system.
