FUND ESTABLISHED: The first scholarship was awarded the year following Bill's death in 1990. The fund was established within the Community Foundation in December of 1996.

The William L. Goggins Memorial Scholarship Fund was established by Goggins Schultz in loving memory of her husband, Bill, upon his death in an accident on December 11, 1989.

Having attended St. Mary's Grade School in Bismarck, North Dakota and St. John's Preparatory School in Collegeville, Minnesota, Bill Goggins was a product of a strong Catholic education. In 1965, he earned a BA degree in Business Administration from Marquette University in Milwaukee.

Bill believed that the value-based curriculum offered in a Catholic school creates strong adults capable of contributing the kind of leadership that will determine the future. Grateful for his own Catholic education, he and Eileen provided the same opportunity of a Catholic education for their children.

Bill was respected for who he was as much as for what he did. He was a quiet leader who believed in making the community a better place through your own actions. The qualities of integrity and humanness characterized both his personal and professional life, and he was known for doing "the right thing." In his professional career, Bill served the Wausau Paper Mills Company as president and chief executive officer. He also provided a leadership role in community affairs, serving on the board of directors of many organizations including M&I First American Bank, Wausau Hospital Center, Community Health Care, Leigh Yawkey Woodson Art Museum, and the Wausau YMCA Foundation.

He served on the Parent Advisory Committee at St. Benedict's College in St. Joseph, Minnesota, the Wisconsin Paper Council, the Wisconsin Valley Improvement Company, the Governor's Club, and the United Way Summit League.

Bill was a member of the Hmong Advisory Task Force, a Community Foundation committee that administered the Hmong Employment and Cultural Mentoring Project funded by a 1987 Gannett Foundation Grant, the largest ever awarded in their history. The program was designed to help new Southeast Asian refugees learn employment skills and to provide for cultural meshing opportunities.

One of Bill's special loves was horses. He was a member of the American Quarter Horse Association and served as Director of District II of the Wisconsin Quarter Horse Association.
