ELIGIBILITY

This scholarship is open to all children of full-time Wausau Homes employees who plan to continue their post-secondary education at an accredited college, university, or technical school.

The term "child" under the program means a dependent, natural or legally-adopted child, stepchild, or legal ward supported entirely by the guardian. The "child" must further be claimed as a dependent on the employee's Income Tax Return and supported by the employee.

The applicant's parent or guardian must be employed with Wausau Homes for a minimum of one year. The parent or guardian must be employed at the time the scholarship award is granted.

CRITERIA FOR SELECTION

The intent of this scholarship is to provide financial assistance to a wide range of people including those who would not typically qualify for traditional scholarships. This scholarship's selection criterion is specifically not to use academic achievement as a component other than the requirement that candidates have a cumulative GPA of 2.0 or greater (on a 4.0 maximum scale) over the last two semesters of high school or accredited post high school education.

Applications will be evaluated on the following criteria in order of importance:

- Has not been awarded another scholarship for the upcoming school year. Receiving another scholarship for the upcoming school year does not disqualify a candidate from receiving this scholarship. Weight will just be given to those who did not receive other scholarships.
- A well-rounded person with diversified interests participating in activities inside and outside of school, including work.

The selection of those who will receive the scholarships will be done by an anonymous committee monitored by the Community Foundation, and will be people unrelated to Wausau Homes or the Schuette family. The Community Foundation reserves the right to determine the number of scholarships to be awarded in a given year, the amount of scholarship funding and continuation of the program from year to year.

ANNOUNCEMENT

The recipient will be announced within the company in the spring; and recognized at any school award ceremonies as appropriate.

PAYMENT OF THE SCHOLARSHIP

The recipient will receive a congratulatory letter from the Community Foundation, instructing them on how to receive their scholarship funding. The student must provide proof of registration to the Community Foundation office for payment to be initiated. The Foundation will make payment directly to the college, university, or technical school the student is attending.

The Wausau Homes' story began with three entrepreneurial brothers Earl, Cliff, and Marv Schuette who began their business endeavor with a dairy route in rural Marathon County Wisconsin. The Schuette Brothers used profits from that modest milk route to purchase a sawmill, where raw timbers were processed into framing lumber.

After the war, the brothers developed that sawmill into a one-stop building center, where contractors could purchase all of their materials for home construction from one source. With all the elements for home construction in place at their building center, the brothers devised a revolutionary concept in home building that is recognized as one of the best in the industry. This pioneering concept became Wausau Homes. It is this foundation of hard work, innovation and the entrepreneurial spirit lived by the founding Schuette brothers that remain the grounding principles of Wausau Homes.

Marv Schuette believed in the importance of education. He had a strong desire in seeing people succeed, whether they were Wausau Homes' builders, employees, vendors or someone he chanced to meet.
