**OTHER ADVANTAGES**

A Nonprofit Agency Endowment Fund is a simple way for your nonprofit organization to plan for a stable and secure future. Your donors can be sure that the endowed fund’s principal will not be spent and can grow over time, providing a source of lasting support. The Community Foundation’s economies of scale provide your organization with the benefits of a diverse investment portfolio with low investment fees that typically come only with substantial funds.

**DEVELOPING PERMANENCE**

The mission of The Women’s Community is to provide specialized services and resources to people in central Wisconsin affected by domestic violence, sexual assault, stalking, and human trafficking. Its goal is to help individuals and families attain greater emotional and economic self-sufficiency. When the organization was founded, two local foundations gave The Women’s Community a generous gift to create financial stability for the long term.

“The Women’s Community, Inc. Fund was created with the plan to build over time, showing long-term solvency within the community,” said Jane Graham Jennings, Executive Director of The Women’s Community. “The team at the Community Foundation has made it so easy throughout the years to depend on an established community foundation to manage our funds while we focus on our mission.”

The Women’s Community Fund Inc. continues to provide ongoing support for the organization as needs arise over time – ultimately developing permanence for our area.
