Independent Auditor's Report

Board of Directors
Community Foundation of North Central Wisconsin, Inc. and Subsidiary
Wausau, Wisconsin

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Community Foundation of North Central Wisconsin, Inc. and Subsidiary, nonprofit organizations, which comprise the consolidated statement of financial position as of December 31, 2022, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Community Foundation of North Central Wisconsin, Inc. and Subsidiary as of December 31, 2022, and the changes in their net assets and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are required to be independent of Community Foundation of North Central Wisconsin, Inc. and Subsidiary and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of North Central Wisconsin, Inc. and Subsidiary's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Community Foundation of North Central Wisconsin, Inc. and Subsidiary's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Foundation of North Central Wisconsin, Inc. and Subsidiary's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Total adjustments 11,264,951

Net cash from operating activities \$ (1,520,949)

See accompanying notes to consolidated financial statements.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 1: Summary of Significant Accounting Policies

Principal Activity

Community Foundation of North Central Wisconsin, Inc. is a not-for-profit foundation that accepts contributions from various donors for specified or unspecified purposes and distributes these contributions to various organizations that meet the requirements of the Community Foundation of North Central Wisconsin, Inc.'s bylaws and mission statement.

NCW Properties, LLC, was organized on August 30, 2022, for the purpose of holding property to be used by the Community Foundation of North Central Wisconsin, Inc.. There was no activity in this entity during the year ended December 31, 2022.

Principles of Consolidation

The consolidated financial statements include the accounts of Community Foundation of North Central Wisconsin, Inc. and NCW Properties, LLC (collective referred to as "the Foundation"). The entities are consolidated since NCW Properties, LLC is a single member LLC owned by Community Foundation of North Central Wisconsin, Inc. and is considered a disregarded entity. All significant inter-organizational transactions have been eliminated.

Basis of Accounting

The Foundation follows accounting standards contained in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"). ASC is the single source of authoritative accounting principles generally accepted in the United States of America ("GAAP") for nongovernmental entities in the preparation of financial statements in accordance with GAAP.

Use of Estimates in Preparation of Financial Statements

The preparation of the accompanying financial statements in accordance with GAAP requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. The fair value measurement of investments constitutes a significant estimate. Accordingly, actual results may differ from these estimates.

Investments

Investments are presented in the financial statements at fair value. Net asset value is used as a practical expedient to estimate the fair value of certain funds. Realized and unrealized gains and losses on investments are reflected in operations. Investment expenses, including direct internal investment expenses, are netted with investment income on the statement of activities.

The Foundation invests in various investments. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued)

Investments (Continued)

The Foundation monitors the difference between the cost and fair value of its investments. If investments experience a decline in value that the Foundation determines is other than temporary, the Foundation records a realized loss in investment income.

Property, Equipment, and Depreciation

The Foundation follows the practice of capitalizing all expenditures for computer software, furniture and equipment, and leasehold improvements with individual costs in excess of \$1,000 per item. The fair market value of donated fixed assets is similarly capitalized. Maintenance and repair costs are charged to expense as incurred. Gains or losses on disposition of property and equipment are reflected in income. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets or terms of the lease, whichever is required. Estimated useful lives of property and equipment range from five to ten years. Depreciation expense for 2022 was \$12,834.

The Foundation reviews the carrying values of property and equipment for impairment whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. When considered impaired, an impairment loss is recognized to the extent its carrying value exceeds the fair value of the asset. There were no indicators of asset impairment during the year ended December 31, 2022.

The Foundation reports gifts of property and equipment as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Grants Payable

Unconditional grants are recognized as an expense when approved. Conditional grants are recognized when the conditions on which they depend are substantially met. The grants are generally paid within one year.

Funds Held for Agencies

The Foundation recognizes a liability when it receives a transfer of assets and the resource provider (i.e., a not-for-profit organization) specifies itself or an affiliate as the beneficiary, even if the resource provider explicitly grants the Foundation variance power. The Foundation, when accepting cash or other financial assets from a not-for-profit organization, recognizes the fair value of those assets as a liability to the specified beneficiary (generally the same not-for-profit organization) concurrent with recognition of the assets received from the not-for-profit organization. Funds held for agencies totaled \$6,948,341 as of December 31, 2022, consisting of \$6,464,064 in investments and \$34,277 in cash.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued)

Classification of Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

GAAP provides that if a governing body of an organization has the unilateral power to redirect the use of a donor's contribution to another beneficiary, such contributions must be classified as net assets without donor restrictions. The Foundation's Board of Directors (the "Board") has that ability (variance power); however, the Board would intend to exercise this authority only if the stated purpose of the contribution becomes inapplicable and incapable of fulfillment. Accordingly, the Foundation's financial statements classify substantially all funds, including the principal of endowment funds, as net assets without donor restrictions, but segregate for internal management and endowment record keeping the portion that is held as endowment from the funds that are currently available for grants. In addition, to ensure the Foundation observes the limitations and restrictions placed on the funds by the donors, the Foundation's accounts are managed as individual charitable funds.

Contribution Revenue

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

- An explicit identification of a barrier, that is more than trivial, that must be overcome before the revenue can be earned and recognized.
- An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised, if the condition is not met.

Conditional contributions are recognized when the barriers to entitlement are overcome. Unconditional contributions are recognized as revenue when received.

The Organization's grant awards are contributions which are evaluated for conditions and recognized as revenue when conditions in the award are satisfied. Unconditional awards are recognized as revenue when the award is received. Amounts received in which conditions have not been met are reported as a refundable advance liability.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued)

Functional Allocation of Expenses

The costs of program and supporting services activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs are charged on a direct functional basis when practical. Certain categories of expenses are attributable to more than one supporting function and, therefore, require allocation of amounts to the respective supporting functions benefited by incorporating an activity-based costing model based on employee time and efforts. Management believes their allocations are done on a reasonable and consistent basis. The Foundation has segregated its supporting activities into the categories of management and general and fundraising.

Contributions of Nonfinancial Assets

Contributions of nonfinancial assets are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. A three-tier hierarchy prioritizes the inputs used in measuring fair value. These tiers include Level 1, defined as observable inputs such as quoted market prices in active markets; Level 2, defined as inputs other than quoted market prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Unemployment Compensation

The Foundation has elected reimbursement financing under provisions of the Wisconsin unemployment compensation laws. The Foundation has designated a certificate of deposit ("CD") of \$3,581 to meet state funding requirements. The CD renews every 30 days.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 1: Summary of Significant Accounting Policies (Continued)

Income Taxes

The Foundation is a tax-exempt organization as described in Section 501(c)(3) of the Internal Revenue Code (the "Code") and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. The Foundation is also exempt from state income taxes on related income.

NCW Properties, LLC is considered a disregarded entity for tax purposes and as such, is included in the IRS Form 990 of Community Foundation of North Central Wisconsin, Inc.

The Foundation does not believe it has any material uncertain tax positions requiring recognition or measurement in accordance with GAAP.

Change in Accounting Principles

As of January 1, 2022, the Foundation adopted the provisions of Financial Accounting Standards Board Accounting Standards Update (ASU) 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Non-Financial Assets* (Topic 958). The amendment in this update require entities to present contributed nonfinancial assets as a separate line item in the statement of activities, expand disclosures on the various contributed nonfinancial assets recognized, including disaggregated category types, the valuation techniques and inputs used to arrive at fair value, and the policy for either monetizing or utilizing contributed nonfinancial assets. The impact of adoption was not significant to the consolidated financial statements of the Foundation.

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases* (Topic 842). ASU No. 2016-02 is intended to improve financial reporting of leasing transactions by requiring organizations that lease assets to recognize assets and liabilities for the rights and obligations created by leases on the balance sheet. This accounting update also requires additional disclosures surrounding the amount, timing, and uncertainty of cash flows arising from leases. The Organization adopted this guidance for the year effective January 1, 2022. The impact of adoption was not significant to the consolidated financial statements of the Foundation.

Note 2: Net Asset Reclassification

In 2022, management received notification from two fund owners that they had achieved exempt status and wished to convert their funds to agency funds. A reclassification was performed effective January 1, 2022, and the effect of the adjustment was to increase funds held for agencies by \$1,199,758 and decrease net assets without donor restrictions by \$1,199,758, respectively.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 3: Liquidity and Availability of Financial Resources

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

Financial assets at December 31, 2022:

	Cash	\$ 2,600,624
	Investments	72,492,580
<hr/>		
	Total financial assets	75,093,204
<hr/>		
Less amounts not available for general expenditure within 12 months:		
Donor designated:		
	Endowed	13,875,978
	Restricted	14,138,776
	Scholarship	9,927,636
	Donor advised	5,314,165
	Funds held for agencies	6,498,341
<hr/>		
	Financial assets not available to be used within one year	49,754,896
<hr/>		
	Financial assets available to meet general expenditures within one year	\$ 25,338,308
<hr/>		

The Foundation receives significant contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. The Foundation also receives support without donor restrictions; such support provides annual program funding needs, with the remainder funded by investment income without donor restrictions and appropriated earnings from gifts with donor restrictions. Contributions are recorded according to the net asset policy in Note 1; as such any donor restricted gifts that do not bear a time restriction are presented as designated net assets.

The Foundation's Distribution Committee (the "Committee") meets quarterly to review and approve grant requests. Due to this timing, the Foundation strives to maintain financial assets available to meet general expenditures at a level that represents 100% of annual expenses for administrative, general, and fundraising expenses plus an amount that represents the next expected payment for quarterly grant commitments approved by the Committee.

As part of the Foundation's liquidity management plan, it invests cash in excess of daily requirements in short-term investments, CDs, and money market funds. Occasionally, the Board designates a portion of any operating surplus to its operating reserve (Board-designated net assets), which was \$754,894 as of December 31, 2022, and is included in investments and net assets without donor restrictions on the statement of financial position.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 4: Investments

The Foundation utilizes the services of AndCo Consulting, an investment consulting firm, for long-term investment research and planning. Investments held at fair value and net asset value at December 31, 2022, are as follows:

Equity funds	\$ 41,818,719
Fixed income funds	17,347,934
Real asset funds	8,187,870
Taxable bond funds	754,894
Common stock	2,774,163
Money market funds	1,609,000
<hr/>	
Total	\$ 72,492,580

The detail of the investments by classification at December 31, 2022, follows:

Net assets without donor restrictions	\$ 65,544,239
Funds held for agencies	6,948,341
<hr/>	
Total	\$ 72,492,580

Investment income (loss) consists of interest, dividends, realized gains and losses, unrealized gains and losses, and investment management fees. The detail of net investment income for the year ended December 31, 2022, follows:

Interest and dividends	\$ 1,214,541
Net realized gain on investments	1,113,657
Net unrealized loss on investments recorded at fair value	(13,305,682)
Investment management fees	(138,545)
<hr/>	
Investment loss	\$ (11,116,029)

Note 5: Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2022. Money market funds are valued at historical cost, which approximates fair value. Equity, common stock, taxable bond funds, and fixed income funds are valued at quoted market prices. An investment may be carried at cost if deemed the most appropriate estimate of fair value.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 5: Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, assets measured at fair value on a recurring basis as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Equity funds:				
Value	\$ 5,321,822	\$ -	\$ -	\$ 5,321,822
Blend	17,045,974	-	-	17,045,974
Growth	15,853,186	-	-	15,853,186
Emerging market	3,597,737	-	-	3,597,737
Total equity funds	41,818,719	-	-	41,818,719
Fixed income funds	15,377,943	1,969,991	-	17,347,934
Common stock	2,774,163	-	-	2,774,163
Taxable bond funds	754,894	-	-	754,894
Money market funds	-	1,609,000	-	1,609,000
Investments measured at net asset value	-	-	-	8,187,870
Total investment assets	\$ 60,725,719	\$ 3,578,991	\$ -	\$ 72,492,580

Investments Measured at Net Asset Value

Information regarding the Foundation's investments in entities that calculate net asset value per share or its equivalent for the year ended December 31, 2022, is as follows:

<i>Private Investment Company</i>	Investment Strategy	Redemption Notice Period	Redemptions Permitted	Liquidity Restrictions	Balance
Stockbridge Smart Markets Fund, L.P.	Time-weighted returns	45 days	Quarterly	180 days initial lockup	\$ 4,025,715
Brookfield Premier Real Estate Partners, L.P.	Long-term growth	90 days	Quarterly	Initial lockup through end of quarter following 2nd anniversary of investment	\$ 4,162,155

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 5: Fair Value Measurements (Continued)

Stockbridge Smart Markets Fund, L.P. is an actively managed real estate fund, the objective of which is to generate time-weighted returns over each rolling three-year period. The fund seeks to invest principally with a core real estate investment strategy and targets real estate funds that will meet this objective.

Brookfield Premier Real Estate Partners, L.P. is an actively managed real estate fund, the objective of which is to generate long-term growth in assets by investing principally with a core real estate investment strategy based on applicable benchmarks determined by the fund managers.

Note 6: Property and Equipment

Property and equipment consisted of the following at December 31, 2022:

Computer software	\$	54,093
Furniture and equipment		26,377
Leasehold improvements		46,100
<hr/>		
Total		126,570
Less - Accumulated depreciation		94,772
<hr/>		
Property and equipment - Net	\$	31,798
<hr/> <hr/>		

Note 7: Net Assets with Donor Restrictions

Net assets are restricted for the following purposes at December 31, 2022:

Cash surrender value of life insurance - Time restricted	\$	450,624
<hr/>		
Total	\$	450,624
<hr/> <hr/>		

Note 8: Net Assets Released From Donor Restrictions

The net assets released from donor restrictions represented a write off of an uncollectible promise to give for the year ended December 31, 2022, and was \$32,000.

Community Foundation of North Central Wisconsin, Inc.

Notes to Consolidated Financial Statement

Note 9: Concentration of Credit Risk

The Foundation maintains its cash in bank deposit accounts at various financial institutions. Accounts at these institutions are insured by the Federal Deposit Insurance Corporation ("FDIC") for up to \$250,000. At times, balances may exceed FDIC insured levels. Management has assessed the creditworthiness of these institutions and does not feel the deposits are subject to significant risk.

Note 10: Major Funding Source

During 2022, one major contributor accounted for approximately 24% of contributions, aggregating approximately \$1,343,000.

Note 11: Subsequent Events

Subsequent events have been evaluated through June 15, 2023, which is the date the financial statements were available to be issued.

On March 20, 2023, the Foundation executed the purchase of office space for \$650,000.
