

The Wausau Area Builders Association, chartered in 1967 and affiliated with the Wisconsin Builders Association and National Association of Home Builders, is a professional nonprofit trade association. Serving the community, they represent the interests and concerns of the customer, building trades, industry suppliers, and all facets of the building industry.

The primary goal of the association is to provide quality, affordable housing through community and government involvement, while promoting high standards of professionals.

NTC SCHOLARSHIPS

In addition to scholarship outlined to the right, the WABA supports students that are going into the building trade. The selection committee works closely with the Residential Building Program staff at Northcentral Technical College in identifying students that merit the award by successfully completing the first semester of the program and are enrolled to continue in their second semester.

PAYMENT OF SCHOLARSHIP

The recipient will receive a congratulatory letter from the Community Foundation after the awards ceremony, instructing them on how to receive their scholarship funding. The student must provide proof of registration to the Community Foundation office for payment to be initiated. The Foundation will make payment directly to the college, university or technical school the student is attending.

WAUSAU AREA BUILDERS ASSOCIATION SCHOLARSHIP

PURPOSE

To provide scholarships to students in communities served by the Wausau Area Builders Association (WABA). Preference is given to students going into the building trades or family members of WABA members.
