- Your organization works with our staff to complete a fund agreement.
- We set up a fund in the name of your nonprofit organization.
- Your organization receives regular statements on the fund.
- You can add to the fund at any time.
- You can request annual distributions from the fund or you can save up the available dollars for a large expense in the future.

WHAT SETS THE COMMUNITY FOUNDATION APART?

A Nonprofit Agency Endowment Fund is a simple way for your nonprofit organization to plan for a stable and secure future. Your donors can be sure that the endowed fund's principal will not be spent and can grow over time, providing a source of lasting support. When your organization invests through the Community Foundation, you share in the advantages of our larger investment pool, such as diversification, professional management, and lower costs that small funds usually can't achieve on their own.

DEVELOPING PERMANENCE

The mission of The Women's Community is to provide specialized services and resources to people in central Wisconsin affected by domestic violence, sexual assault, stalking, and human trafficking. Its goal is to help individuals and families attain greater emotional and economic self-sufficiency. When the organization was founded, two local foundations gave The Women's Community a generous gift to create longterm financial stability.

"The Women's Community Inc. Fund was created with the plan to build over time, showing long-term solvency within the community," said Jane Graham Jennings, Executive Director of The Women's Community. "The Community Foundation team has made it so easy throughout the years. As they manage our funds, we get to focus on our mission."

The Women's Community Inc. Fund continues to provide ongoing support for the organization as needs arise over time – ultimately developing permanence for our area.
